### Neptune Declaration on Seafarer Wellbeing and Crew Change

Dubai, UAE. 28 January 2021

Tomini Shipping a leading ship owner and operator, is proud to join over 300 companies by becoming a signatory of the Neptune Declaration.

More than 300 companies and organizations recognize that they have a shared responsibility based on their roles across the entire maritime value chain, and beyond, to ensure that the crew change crisis is resolved as soon as possible. They have signed the Neptune Declaration on Seafarer Wellbeing and Crew Change that defines four main actions to facilitate crew changes and keep global supply chain functioning:

- Recognize seafarers as key workers and give them priority access to COVID-19 vaccines
- Establish and implement gold standard health protocols based on existing best practice
- Increase collaboration between ship operators and charterers to facilitate crew changes
- Ensure air connectivity between key maritime hubs for seafarers
